UZBEKISTAN

July 24-25
2026

IT Park Complex,
Tashkent, Uzbekistan

GLOBAL BUSINESS SERVICES FORUM (GBSF) 2026

We are pleased to invite you to the **Global Business Services Forum (GBSF) 2026** in Tashkent, organized by IT Park Uzbekistan together with global partners and leaders in outsourcing and digital services.

 **Date:** 24th-25th July

 **Location:** Tashkent, Uzbekistan

 **Venue:** IT Park Complex

Why Uzbekistan

Uzbekistan offers a strong strategic advantage for regional expansion. The country represents roughly half of Central Asia's population, making it a natural base for companies entering the region. Many international firms establish primary operations in Uzbekistan and expand into neighboring markets from here. At the same time, the country has developed a solid business services outsourcing ecosystem, supported by a young, multilingual talent pool and a growing number of foreign service providers.

What to expect

The program combines practical sessions, executive discussions, and on-ground exposure to the local ecosystem. It starts with a full-day forum with keynote speeches, industry insights, and company case studies. Participants will also have access to site visits and curated cultural experiences.

Purpose of the event

The forum is built to provide direct access to decision-makers and real market insights. It is an opportunity to understand how to set up and scale operations in Uzbekistan, evaluate its role as a regional hub, and connect with partners across government and private sector. The goal is to help companies move faster in their global services strategy with clear, practical information.

GBSF 2026 is especially relevant for global business services leaders, operations executives, BPO and IT companies and organizations evaluating new delivery locations or optimizing their global footprint.

We look forward to welcoming you to Tashkent.

Sincerely,
IT Park Uzbekistan

Please note: The session will be conducted in English
