UZBEKISTAN DIGITAL ROADSHOW

San Francisco, California

We are pleased to invite you to the Uzbekistan Digital Roadshow in San Francisco, organized by IT Park Uzbekistan together with leading industry partners and members of the Uzbek tech ecosystem.

Date: April 17, 2026

Time: 15:00 – 17:00

Location: 103 Montgomery St, San Francisco, CA 94129

Venue: The House

This event is designed for companies looking to scale through outsourcing, building global tech teams, and take AI-driven products to international markets. The focus will be on how Uzbekistan can serve as a strategic hub for digital services, product development, and back-office operations.

Key topics include AI adoption and infrastructure, building and managing cross-border teams, cost-efficient outsourcing models, launching products globally from emerging markets, venture investment opportunities, and government-backed incentives that reduce operational costs and risk.

Highlighting the active role of IT Park in supporting global expansion, the event provides a practical platform to connect capital with high-potential companies, explore emerging-market advantages, and unlock scalable investment opportunities by bringing startups and mature companies together with global partners and investors.

The event will be especially valuable for founders, tech executives, operations leaders, investors, and companies exploring expansion into new markets or optimizing their current global delivery structure.

We look forward to meeting you in San Francisco.

Sincerely,
IT Park Uzbekistan

Please note: The session will be conducted in English
Participation is free of charge
